WHY UPGRADE TO PHILIPS SPEECHEXEC VERSION 7 ?

Philips SpeechExec Version 7

AND

Dragon Naturally Speaking

DOCUMENT CREATION
AUTOMATED !!

PHILIPS

The Ultimate Document Creation Solution

SpeechExec Version 7 harnesses the power of two state-of-the-art document creation tools and puts them in one easy to use package. Users report that SpeechExec Version 7 cuts the time it takes to prepare documentation by up to 60% !

- Your dictation is **automatically turned into text** via Dragon Naturally Speaking Version 10 or 11, Professional, Medical OR Legal (sold separately).
- Draft documents are **instantly available for editing** by you or your assistant.
- **Easy to use** - No advanced technical skills are required... simply download your dictation and SpeechExec does the rest!
- **Accurate** – Your dictation is transcribed with up **to 99% accuracy** - specialty vocabularies for Legal and Medical (covering 88 different medical specialties).
- Philips **advanced workflow management** – streamlined and robust. Your dictation is automatically routed to your assistant for correction and completion.
